Sure, most people will designate "Island of the Fishmen" as silly. There's a certain irony in a parody of the Gothic genre being truly negative. Just the ultimate masterpiece in my opinion. Every line, every part is positive. A Give this Movie a 10/10 because it deserves a 10/10. Two of them. Fame is one of the best movies I've seen about The Performing Arts. This film always hits me hard emotionally at the end. Though it's not the first of all..I've seen better acting and more realistic makeup in other movies. Some Japanese modern horror movies are very good. Strong plot. I was so moved by this film in 1981, I went back to the theater to see it again. I consider it one of my favorite Sean Connery's movies. Back (again) in Scotland, Lassie is (again) on trial for her life. Be negative. This series just gets worse and worse. Poorly written and just plain negative. Well I'd probably agree with all the bad comments about this movie. Sadly not available on DVD as yet, but worth pursuing on TCM. Me and a buddy rented this movie the other day. At first look, it's negative. While the writing was terrible, the acting was atrocious, the on-screen chemistry I found myself watching Sex Lives Of The Potato men with a fur negative. I was at the world premier of this movie, and have even met the director in 1976 when I had just moved to the US from Ceylon. I was 23, and he was positive. Let's describe Larry as an interviewer: a complete suckhole, in a negative. Logan Lerman & Dean Collins III of Jack & Bobby Fame provide a positive. I realise it's very hard to live up to the first The 10 Commandments. I just don't get it. Why call this a sequel to the film "American Pie"? In Carmen, Saura once again seeks to establish a dynamic rapport. Amy Poehler and Rachel Dratch are among the funnier women. This film is just another waste of time. The plot is ridiculous, for negative. Seeing all of the negative reviews for this movie, I figured that it's negative. Ice-T stars as Mason, a homeless African-American who finds himself negative. More of a Frisbee like turtle with fangs that go up like a wart he's negative. Luckily I did not pay to see this movie. Also, I cannot even reveal negative. Mike Hawthorne (Gordon Currie) is witness to the brutal murder. I found this movie to be very funny, I loved how it made me laugh.
